MARDI GRAS
LOXTON

## Last Saturday in February at Loxton's No 2 Oval
## <u>All Food stall sites must be open from 9am – 2pm</u>

# FOOD & MARKET STALLS
## *SITE CONFIRMATION AND GENERAL RULES*

1. All Stalls must be in their site areas by 7.45am.
2. Vendors unpacking must be finished by 8.30am and have any extra vehicles moved to the parking area inside the Pine Avenue gate by 8.30am sharp.
3. Any potential hazards must be addressed and dealt with before 8.45am. A safety and hazard inspection at each site will be done around that time.
4. Patrons will be arriving via 3 gate entrances from approx. 9am.
5. Enter from 6.45am at the A W Traeger Drive (north end) Gate to the Oval.
6. Drive where directed to the Food and Market Stalls area.
7. Our plan allows space but proximity for food vans and stalls to where the patrons will be located.
8. Your site will have a number, and the plan is to drive in and out easily, within the food court and central market stalls area.
9. All powered stalls must bring your current certified tag tested electrical cords, with a few to spare should longer leads be required, up to say 10m.
10. NO tent pegs in lawns because of the underground watering system. Weights are essential. There is a water tap adjacent to the central power box.
11. Please keep the walkways and area around your stall neat and safe for patrons to enjoy. There will be additional waste bins, however any extra recycle bins near your food site would be appreciated.
12. I will be on the grounds from 6.45am in the central stalls area in a hi-vis yellow vest. Please find me rather than calling on the phone unless there is an emergency.

*We look forward to your attendance at this year's Loxton Mardi Gras and thank you for your valued support. Best Wishes for a great trading day.*

## *CATERING AND STALL CONTACT ON THE DAY*
